

AEGI

National Centre for Guidance in Education
Lárionad Náisiúnta um Threoir san Oideachas

What is the Adult Educational Guidance Initiative (AEGI)?

The AEGI is a Department of Education and Science funded initiative which provides quality educational guidance services for adults. There are 40 AEGI services based nationally.

What does the AEGI offer?

The AEGI offers a guidance service to adults which includes impartial adult education information, one-to-one guidance and group guidance, which will help people to make informed educational, career and life choices.

Who is it for?

The AEGI is aimed at those adults who are considering or participating in Adult Literacy, Vocational Training Opportunity Schemes (VTOS) and Community Education, including Back to Education Initiative (BTEI). Former residents of designated institutions are also eligible to receive guidance from the AEGI.

Impartial information on local, regional and national adult education is available to the general public, but only those within the categories listed above are eligible for one-to-one guidance meetings.

Will it cost anything?

The service is free to adults in the categories referred to above.

Definition of Guidance

“Guidance facilitates people throughout their lives to manage their own educational, training, occupational, personal, social and life choices so that they reach their full potential and contribute to the development of a better society”
